6 December 2022

16:30 – 19:00 (CET Time)

The meeting started at 9:45 with the Registration of Participants, Susanna Correnti on behalf of USGM, Welcomed all the participants and introduced the rationale and the programme of the Project meeting and Study Visit.

Considering the fact that it was the first plenary face to face meeting (due to the pandemic), before starting, a round table presentation of each partner organisation has been carried on in order to give the opportunity to each attendee to introduce himself/herself, its organisations and activities. She presented the Multimedia Production Center, its mission and the most effective results.

After the presentation, the partners moved to USGM Marconi Studios. They have been split into groups and 10 interviews have been recorded in the studios with the contribution of all the partners and USGM technicians.

The meeting started again after the lunch break, Prof. Bocci made an Overview of the most important USGM Research Challenges funded by the European Commission under the framework of the Horizon 2020 programme. The University's contribution to the development of the renewable energy technologies, the backbone of the EU energy system by 2030 and 2050. He introduced the laboratory Applied Science & Technology and the most relevant equipment.

After the presentation and the Questions and Answers session, all the partners and the Professor moved to the Laboratory of Applied Science and Technology for the visit.

At 16.15 the visit and first day meeting was concluded.

Sladjana University of Belgrade reminded the procedure and deadline to participate to the Project Meeting and Conference in Belgrade in December 2022.

In particular, it is important that each attendee registers into the website of the conference and pay the fee and then it will receive the invitation letter to ask for the VISA. Please register as soon as possible. The deadline to send the paper for the review process is **10th October**.

Here the link <https://cfmc.fon.bg.ac.rs/conference-fee-and-payment/>

Abstract/Full Text Paper Submission Deadline: October 10, 2022.

Final Paper (Camera Ready) Submission and Registration

Deadline: November 10, 2022.

A session on Administrative issue started with the discussion on the possibility/need to ask for an extension of the project life. Some Philippines universities have not yet received the accreditation

final approval for the new Master. They are not yet allowed enrolling any students. Of course they started the dissemination and the “pre-enrollment” phase but they will probably allowed to start the delivery of the new Master since January 2023.

According to this situation, they asked to have an extension of the project of 6 months in order to start the delivery.

Ilaria Reggiani clarified that the amount of funding cannot be enlarged, we cannot claim nothing more than the maximum allowed funding, and thus the funding should be allocated considering the extension.

A form will be delivered asking for a formal decision about the extension of the project.

As concern, the equipment it has been reminded the rule of VAT, in the financial statement should be included the amount without VAT unless the partner organization has a TAX authority declaration (or a law) which states that the partner organization is not entitled to recover the VAT.

At 13.30 Ilaria Reggiani (USGM) has presented the conclusion of the meeting and the study visit.
